ARTICLE I – PURPOSE

Section 1.1 The Retirement System

Pursuant to Article IV of the PMRL, the System shall provide for the administration of this Contract for Members of the Municipality.

Section 1.2 The Contract

Pursuant to PMRL Section 104 and Section 401, the Board has adopted standard template language which shall be utilized in the drafting of this Contract. A duly executed Contract shall be the plan document which shall be interpreted consistent with the requirements of the PMRL, the Board adopted regulations, and the Board adopted Policy Statements. In no event shall this Contract extend to a Member any rights beyond those specifically set forth in the PMRL.

Section 1.3 Federal Tax Qualification

The System is a tax-qualified multiple employer retirement system in which the PMRL permits each municipality to establish and maintain a tax-qualified retirement plan pursuant to IRC Section 401(a). This plan is established by the Municipality pursuant to the PMRL and is intended to provide benefits to employees of the Municipality and operate as a governmental plan pursuant to IRC Section 414(d).

ARTICLE II – DEFINITIONS

Section 2.1 Definitions

The following terms shall be defined as set forth below, provided, that each term defined in the PMRL shall have the meaning set forth therein and shall be interpreted consistent with its definition under the PMRL.

“Accumulated Deductions” means the total amount deducted from the Compensation of the Member as set forth in this Contract and paid over by the Municipality or paid by the Member or from any existing pension or retirement System directly into the Fund and credited to the Member’s Account, together with Regular Interest thereon, unless interest is specifically excluded in this Contract.

“Active Member” means a Member who is earning Credited Service under this Contract as a result of employment with a Municipality.

Notwithstanding any provision to the contrary, a Member’s Compensation shall not exceed the limitations under the IRC §401(a)(17) as adjusted in accordance with IRC §401(a)(17)(B). The adjustment in effect for a calendar year applies to any period, not exceeding twelve months, over which Compensation is determined (the “determination period”) beginning in such calendar year. If a determination period consists of fewer than twelve months, the Compensation limit will be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is twelve. The OBRA ’93 annual Compensation limit is \$150,000, as adjusted by the Commissioner of Internal Revenue for increases in the cost of living in accordance with IRC Section 401(a)(17)(B).
